

June 2020

Dashboard overview

Scope & background

Project background

The Foundation for a Smoke-Free World has commissioned a study to understand the impact of the European Union's menthol ban (as stipulated by the Tobacco Products Directive) which came into effect in the EU (and UK) on 20th May 2020.

Core research objectives

Gain a clear understanding of the menthol ban's impact, including:

- Its potential to reduce the total consumption of combustible tobacco
- Consumer behavior before/after the ban
- Company and public policy-maker communication
- Market reactions (prices, illicit trade, retailing, new products)

File navigation

Screener

This section screens out respondents who do not smoke menthol cigarettes (on at least a monthly basis)

Current tobacco consumption

This section asks overall tobacco usage questions

Current menthol consumption

This section asks questions which will allow us to clarify the amount of tobacco consumed which is menthol vs. non-menthol, as well as asking questions which will allow us to segment respondents during analysis

Upcoming EU menthol ban

This section includes questions which will allow us to understand awareness and perceptions of the ban

Intended ban reaction

This section includes questions which will allow us to understand likely responses to the ban

Impact of the COVID-19 pandemic on tobacco consumption

Exploring the impact of COVID-19 on tobacco consumption

Demographics

This section will allow us to further segment respondents, which will also contribute to segmentation/profiling analysis
